Ed,

The Draft Lane Plating Phase One data report is attached. Please share with members of the CAG. Let them know this is still considered a draft version that is not for release to the public until the CAG and other stakeholders have had a chance to review the document. I can go to the CAG meeting on the 18<sup>th</sup> to discuss the report. My presentation from the 9/26/19 CAG meeting is also attached. Let me know if there are any other issues from the CAG meeting that I need to address.
